

Job Title: Professional Civil Engineer

Location: Anchorage, Fairbanks, Palmer, or Homer, AK

Professional Discipline: Civil Engineering

Description / Requirements:

Kinney Engineering, LLC, is seeking a self-motivated professional civil engineer who can support and strengthen our engineering team. The position is full time (40 hours per week), permanent with excellent benefits. Applicants interested in 30 hours per week (still eligible for benefits) are also encouraged to apply.

With a commitment to quality, creative thinking, and client service, Kinney Engineering delivers responsive solutions to infrastructure challenges, improving the communities we serve. We are a growing multi-discipline consulting firm with over 35 employees and offices in Anchorage, Palmer, Fairbanks, and Homer, Alaska. We work in both the public and private sectors and our current areas of expertise include Roadway Design, Transportation Analysis and Planning, Traffic Signal Design, Civil Engineering, Electrical Engineering, GIS, Public Involvement, and Utility Permitting and Design.

Kinney Engineering believes in hiring good people, empowering them to do their best, and investing in their career development. We are searching for an experienced engineer with a commitment to quality work and the ability to mentor engineers-in-training, designers, and student interns. The job duties of this team member are varied and could include:

- leading the design and development of construction documents
- writing reports and studies
- resolving project design issues
- coordinating with project managers, clients, and staff
- ensuring consistency and quality of work
- assisting with project management duties such as monitoring schedules and budgets and supporting marketing efforts

Required Qualifications:

- State of Alaska Civil Professional Engineer license (or ability to obtain license within six months)
- Self-motivated and able to work individually and as part of a team
- Strong oral and written communication skills
- Proficient in MS Office Word and Excel
- AutoCAD and general design software skills, including Civil 3D
- Ten years minimum experience

Preferred Qualifications:

- Alaska resident
- Experience with Alaska DOT&PF, Municipalities, Boroughs
- Experience with highway and street design, drainage design, traffic engineering, and preparation of PS&E documents

Benefits

Our benefits package include:

- Flexible work schedule, including work from home up to two days a week
- Medical/Dental/Vision insurance (Kinney Engineering pays 100% of employees' coverage, 50% for spouse and dependents)
- Health Savings Account (HSA) and Flexible Spending Account (FSA)
- Simple IRA retirement plan

- Life, AD&D, short-term and long-term disability
- Generous paid time off for personal, holidays, sick, and bereavement leave
- Professional and personal development. This includes professional association membership, continuing education/tuition assistance, and in-state/out-of-state training and conferences.

To apply, please email cover letter and resume to careers@kinneyeng.com.
